KNIGHT'S SON DROWNED.
"Daily Express" Correspondent.
Jan. 28 1925 HARWICH, Monday.
The body of Captain Henry Burt, only son of Sir Henry Burt, the Indian railway expert, was found drowned in Harwich Harbour to-day, near his yacht, the Bertha.
Captain Burt, who was a medical student, had been reported as missing from his yacht since last night.
Sir Henry Burt, who identified the body, has a residence in Dovercourt, and is a member of the Royal Harwich Yacht Club.

Keeps eye always

A SK anyone who has made good and they'll tell you it didn't just happen by a lucky chance. Their success was the result of careful planning. Hard work. Night school, perhaps. And above all, always attending strictly to the very important matter of health.
"I had no time for outdoor exercise," is the story you'll hear. "I couldn't afford one of those gymnasium courses. But I fancied I could keep myself in good fettle by taking Nujol. I've taken it ever since. And it has kept me fit."
If you're always 100% fit, you'll be a good investment for any employer.

There's no easier way to keep in first rate condition than by taking Nujol. Nujol is not a medicine. It's just a pure, natural substance that helps your system to function

SUICIDE FROM A YACHT.

TRAGEDY OF CAPTAIN HARRY BURT.

The tragedy of Captain Harry Burt, aged forty-one, only son of Sir Henry Burt, of Cambridge place, Kensington, who was found drowned in Harwich

City of London Brewery—Tube I

WITH a better general outlook in the iron and steel trade, more attention has been given lately to the shares of certain specialist concerns, like Scottish Tube Company and Tube Investments. The former are large manufacturers, and showed a good recovery for 1927, profits at £70,894 being the best return since 1920. A dividend of 7 per cent, against nil, was paid, £20,000 being put to reserve, and £50,000 added to carry forward at £20,000, compared with a capital of £232,000, including £32,000 of Ordinary, the result of a most examination in medicine.

George Miller, an employee of Sir Henry, stated that on Sunday Captain Burt went out in a dinghy to his yacht Bertha in Harwich Harbour.

James Good, a Harwich fisherman, said that he recovered Captain Burt's body from nine feet of water in the harbour. It was fully clothed.

The coroner: Was there anything peculiar?—There was an iron weight tied round the right foot.

What was its weight?—About half a hundredweight.

The coroner, in recording the verdict, said that it seemed obvious that for a moment Captain Burt's mind became unhinged, probably owing to overwork and anxiety in connection with his examinations.
